## *An Exciting and Fun-Filled Week of Scouting*

The week begins with a rousing campfire led by the whacky Workcoeman Staff. A super week of Scouting adventure will begin each day with a polar bear swim in the morning and end with a variety of fun and challenge. Every day at Camp Workcoeman is filled with Scouting adventure, new challenges and friends new and old.

### ***A Premiere Scouting Experience:***

Each morning Scouts will spend time learning the basics in the Scout Skills Program for first timers or working on the vast number of merit badges for older Scouts. Time is spent time in troops activities at the rifle, shotgun, or archery ranges. ***The feature area of Camp Workcoeman is the waterfront.*** West Hill Lake is one of the finest lakes in Connecticut. Scouts are able to swim, snorkel, sail, kayak, canoe and test their skills with SCUBA. The program also includes endless experiences in Nature/Ecology, Scoutcraft and Handicraft. Earning First Aid merit badge or BSA Lifeguard are skills that will last forever. The following pages will outline the special programs of the ***"Workcoeman Adventure."***
